BEFORE YOU START

HOW TO USE THIS BOOK

Every workout in this book is matched to a stage of memory loss, so you always choose an activity that feels right: not too easy, never frustrating.

THE 3 LEVELS

LEVEL 1 • GENTLE

Simple, picture-based activities. Best for the middle and later stages, done side by side with a caregiver.

LEVEL 2 • ACTIVE

Words, numbers and short puzzles. Best for the early and middle stages.

LEVEL 3 • CHALLENGE

Longer memory challenges. Best for the early stage or for people with mild memory changes.

HOW TO MAKE IT WORK

1. Pick a calm time of day, when energy is good. Morning often works best.
2. Do one workout at a time, about 10 minutes. Stop while it is still fun.
3. Sit side by side, read the instructions out loud and help as much as needed.
4. Praise the effort, not the result. There are no wrong answers here.

Answers are printed upside down at the bottom of each page.
