BONUS GUIDE • FALL-PROOF LEGS PROTOCOL

The Safe Home Checklist

The spots in your home that look harmless but cause the most falls, and how to fix each one in minutes.

Living room | Bathroom | Hallway at night | Bedroom & kitchen

SAFE HOME CHECKLIST

LIVING ROOM

The rug you walk past every day is the #1 trap.

1 **RISK:** Loose rug with curled corners
QUICK FIX: Add a non-slip rug pad or double-sided rug tape

☐ 5 min

2 **RISK:** Cords crossing the walkway
QUICK FIX: Run cords along the wall with cord clips

☐ 10 min

3 **RISK:** Low coffee table and clutter in the path
QUICK FIX: Clear a wide, straight path to the door

☐ 10 min

4 **RISK:** Soft, low armchair that is hard to get up from
QUICK FIX: Add a firm cushion so the knees are level with the hips

☐ 2 min

TIP: Walk the path from the chair to the kitchen. If you have to step around anything, move it.

SAFE HOME CHECKLIST

BATHROOM

Wet tile and no support: where most serious falls happen.

1 **RISK:** Slippery shower floor
QUICK FIX: Place a non-slip mat inside the shower. ☐ 2 min

2 **RISK:** Nothing to hold when stepping in or out
QUICK FIX: Install a grab bar by the shower and the toilet. ☐ 30 min

3 **RISK:** Wet floor outside the shower
QUICK FIX: Use an absorbent rubber-backed bath mat. ☐ 2 min

4 **RISK:** Low toilet seat
QUICK FIX: Add a raised toilet seat or toilet safety frame. ☐ 10 min

Never use a towel bar as a grab bar. It is not made to hold your weight.

SAFE HOME CHECKLIST

HALLWAY AT NIGHT

Most falls at night happen on the way to the bathroom.

1 **RISK:** Dark path from the bed to the bathroom

QUICK FIX: Plug in motion-sensor nightlights along the way

☐ 5 min

2 **RISK:** Light switch far from the bed

QUICK FIX: Keep a lamp or touch light within reach of the bed

☐ 2 min

3 **RISK:** Shoes and objects on the hallway floor

QUICK FIX: Keep a basket by the door for shoes and bags

☐ 5 min

4 **RISK:** Nothing to hold along the wall

QUICK FIX: Install a handrail or keep a sturdy piece of furniture as support

☐ 30 min

Sit on the edge of the bed for 30 seconds before standing up at night.

SAFE HOME CHECKLIST

BEDROOM & KITCHEN

Reaching, bending and rushing: small moves, big risks.

1 **RISK:** Bed too high or too low
QUICK FIX: Feet flat on the floor when sitting on the edge
☐ 10 min

2 **RISK:** Everyday items on high shelves
QUICK FIX: Move what you use daily to waist height
☐ 15 min

3 **RISK:** Spills on the kitchen floor
QUICK FIX: Wipe spills right away and keep a towel nearby
☐ 1 min

4 **RISK:** Climbing on chairs to reach things
QUICK FIX: Use a reacher grabber tool instead
☐ 1 min

Keep a cordless phone or cell phone where you can reach it from the floor.

SAFE HOME CHECKLIST

STAIRS & ENTRANCE

The last few steps into the house deserve extra care.

1 **RISK:** Stairs without a sturdy handrail
QUICK FIX: Install handrails on both sides — ☐ — 1 hour

2 **RISK:** Edges of the steps hard to see
QUICK FIX: Add bright non-slip tape to each step edge — ☐ — 15 min

3 **RISK:** Dark entrance at night
QUICK FIX: Use a motion-sensor porch light — ☐ — 15 min

4 **RISK:** Wet leaves or ice on the front steps
QUICK FIX: Keep salt and a broom by the door — ☐ — 5 min

Check the whole house once a season with this checklist. Safe today, safe all year.
